LUNA SETTLEMENT AND SHIPWRECKS PAS ANNUAL BAR-B-Q

On **MONDAY, APRIL 10** at 6 pm we will get together for our annual Bar-B-Q at the Argo Athletic Club at UWF. We will hear the latest about both the Luna Settlement site and the 3 Luna shipwrecks just off shore.

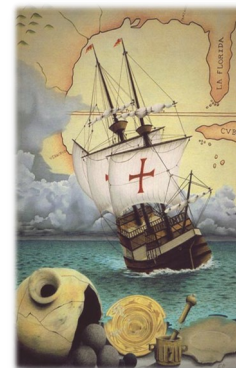

At the March membership meeting, you learned a little bit about some of the exciting artifacts recovered from the shipwrecks and from the Luna Settlement last summer and plans for the upcoming 2017 UWF field season. Now for more!

The speakers for the April Bar-B-Q will be 3 of the main UWF archaeologists who have been involved with Luna excavations on land and underwater. Dr. Elizabeth Benchley & Dr. John Worth have been directly involved in all phases of the Luna Settlement project from the beginning. In the lab and during ongoing research, we are seeing very interesting artifacts and are learning more about what we might find by reading documents about the same time period. We are researching all sorts of artifacts that are mentioned in other site reports or documents. Dr. Greg Cook has been involved in the underwater excavation of the Emanuel Point shipwrecks and looks forward to more work on the newly discovered EP III wreck. The maritime crew is also seeing many exciting things on the shipwrecks.

The Bar-B-Q is by reservation only and the deadline is immediate. If you plan to attend and have not registered and paid, contact Norine Carroll right away at 474-3015.

See you there.

UPCOMING EVENTS IN OUR AREA:

MT. ZION CEMETERY WORK CONTINUES

The next volunteer opportunity for Mt. Zion Cemetery is April 15th. Come and spend the morning with us. We meet at 8 am and work until noon. You will have options of running a string trimmer or lawn mower, pruning the flowering shrubs and working on flower beds, manicuring individual plots or working to remove tripping hazards. There is something for everyone to do.

Snacks, drinks, toilet and a hand wash station will be provided for all participants. UWF Archaeology Institute, St. Michael's Cemetery Foundation and Keep Pensacola Beautiful will provide all of the safety equipment and tools for use during this event. On site you will receive an overview on the historical significance of the cemetery and what we will be doing.

Individuals and groups are encouraged to participate. Please RSVP to either volunteer@keeppensacolabeautiful.org or meddins@uwf.edu. If you have not volunteered with us before, you will need to fill out a volunteer form. Persons under the age of 18 years old must have their parent's signatures on the volunteer forms.

2017 FAS ANNUAL MEETING

The Archaeology Lab at the University of North Florida (UNF), with the support of the Jacksonville Society of the Archaeology Institute of America, is honored to host the meeting presentations and related events on the UNF campus May 5-7, 2017. Situated amid woodlands, beautiful lakes, and nature trails, UNF lies within 10 miles of both the Atlantic Ocean and Downtown Jacksonville.

Registration for the annual meeting is now open. Please visit the FAS website for registration options. The general cost is \$50 and a student rate of \$20 is also available. These prices are good until March 17, 2017, after which late registration fees go into effect.

A number of UWF staff and students will present papers from current research at the Luna Settlement and Emanuel Point shipwrecks as well as other projects. For more information, see the FAS website. Deadlines have passed for presenting papers and posters and there is now a late payment for registration.

FPAN—FLORIDA PUBLIC ARCHAEOLOGY NETWORK

As always **FPAN** has many activities coming up and these can be found by visiting one of their many social media sites. If you are visiting other areas in the state, check the regional FPAN sites for other activities. You won't be disappointed! There **WILL** be something going on wherever you travel in Florida.

MUSEUM PLAZA PLANNED FOR HISTORIC DISTRICT

The UWF Historic Trust is preparing to begin phase I of Museum Plaza! This project will transform the area south of the Bowden Building into a greenspace that will interpret Pensacola's rich history. The plaza will feature historical and archaeological interpretive elements and will serve as an asset to the community. The Trust is working closely with the UWF Archaeology Institute on interpretive elements and for archaeological monitoring of ground disturbing activities. Stay tuned for project updates!
