

Pensacola Archaeological Society Student Research Awards

The Pensacola Archaeological Society is pleased to provide **up to two \$500 Awards** in Spring and Fall each year to UWF students pursuing research and/or travel related to their thesis or to a major class project. This Award is intended to enable students to perform research in non-local archives or collections repositories, present papers/posters at conferences, conduct costly analyses, or other needed studies. Applicant must be a currently enrolled UWF student in the Anthropology Department, either undergraduate or graduate. While all projects will be considered for the Award, projects involving Pensacola/Northwest Florida topics will be given preference.

Fill out the form below and attach to your proposal.

Name: _____

Email: _____

Circle one: Undergraduate Graduate

Title of Thesis/Project: _____

What Award will be used for: _____

Advisor's name: _____

Advisor's signature: _____

ATTACH A 1-PAGE DESCRIPTION OF YOUR PROJECT INCLUDING A GENERAL BUDGET (can attach a separate page).

PAS Student Award Submission Hints and Sample Budget

- Before asking for funds to cover boat, equipment, or electronic rentals speak with your advisor as most of these services are offered free of charge through the University, Department, or MSC.
- Clearly state in your budget what will be covered by PAS if awarded funds.

Itemized Budget (Sample)

July 2, 2024 to August 8, 2024

Transportation and Accommodations:

Airfare (round-trip SFO to PNS)	\$ 550
Meals (5 weeks @ \$315/week)	\$ 1575
Transportation and Insurance (car rental 5 weeks)	\$ 1390

Other Direct Costs:

USPS Priority and Special Handling of artifacts from UWF	\$ 500
Laboratory supplies (sharpies, acid-free paper, bags, etc.)	\$ 200

Equipment/Facility Rental Fees:

LA-ICP-MS, 646 bead samples (\$25 at 50 hours)	\$ 1250
OES, LA-ICPMS, ElementXR, 604 lead shot samples (\$75 at 50 hours)	\$ 3750*

TOTAL:	\$ 9215
TOTAL REQUESTED FROM PAS:	\$ 500

Costs are based on previous research trips as well as online searches. Airfare is from San Francisco International Airport to Pensacola International Airport, Florida. Typical per diem for meals in Pensacola is \$45 based on a reduced estimate from <https://www.gsa.gov/perdiem>. I will need to rent a car for transportation to and from the University of West Florida and off-site locations where the collections, documents, and reports are held. During my stay in Pensacola, I will collect samples of glass beads from the five sites mentioned above, and I will ship them in the most secure and expedient way possible back to the University of California, Santa Cruz for analysis with LA-ICP-MS. Shipping costs vary depending on size and weight of package.

*Funds from PAS will specifically help cover artifact analysis costs. I am also applying for funding from X, Y, and Z organizations.
